Why do m	y lenovo laptp 3-11 padmin - 06 Jan 2017 08:07	20 speakers	sound distorted?
Posted by lenovo	nadmin - 06 Jan 2017 08:07	•	

Your drivers may not be up to date. Try to update your computer's drivers. If this does not work, then your speakers may be broken and must be replaced.
