---

### DESCRIPTION OF LENOVO G460 BATTERY

Low battery can affect your laptop's performance in more ways than one, so if your charger is fine but you are unable to charge your laptop or your laptop is draining out the charge very fast, you should get a new battery for your laptop. Lenovo G460 Battery is an original battery which won't damage your laptop and give you 100 % performance once fully charged.

Lenovo G460 Battery provides protection from over-discharge and over-heating. It also provides over-current protection; short-circuit protection, and high capacity circulatory function. It works with Low Power Consumption IC Design, with No Memory Effect and High Charge current.

Lenovo G460 Battery uses Li-ion battery type and has 6 battery cells. It has a capacity of 5200mAh, requires 11.1 V voltages and weighs 330g.

Lenovo G460 Battery acts as a replacement for: LENOVO B470, IdeaPad G56, IdeaPad G560 0679, IdeaPad V360, IdeaPad V370, IdeaPad V470, IdeaPad Z460, IdeaPad Z465, IdeaPad Z560, IdeaPad Z565, LENOVO G460, G460A, G460L, G560, IdeaPad G460, IdeaPad Z465A Series Laptop Battery.
